

## GOOD TO KNOW – OCTOBER 2018

## WORLD CONGRESS

21 - 23 NOVEMBER 2018  
LISBON - PORTUGAL

Do you want to stay relevant for your members, clients and campers?

You want to learn about the changes, new developments and transformations that are going on in your world, in your industry, in tourism, in camping?

We are living in a world that is changing rapidly and tourism is no exception. You still want to be of service to your clients or members, but HOW?

Get insights into their needs and demands in tomorrow's world.

Come and find out at the F.I.C.C. World Congress in Lisbon this November.

The congress website can be accessed at <https://ficc.org/en/>

Or directly at <https://congress2018.ficc.org/>

Don't miss the Early Bird Price until the 5th October and book a seat at the congress at

<https://congress2018.ficc.org/book/public/e/1/ficc-world-congress-2018?ref=ficcc18>

If you want to participate or sponsor Please contact the organisation

[congress2018@ficc.org](mailto:congress2018@ficc.org)

The official Congress hotel is the Olaias Park Hotel (just change the name to Ramada Lisbon) and the hotel booking form can be download at the congress website.

Join this unique Camping Congress and celebrate with us the 85th F.I.C.C. Anniversary!

## Great Congress Program

Organised for the first time by the Fédération Internationale de Camping, Caravanning et Autocaravaning (F.I.C.C.), together with an organising committee comprising members from all over

the world, the 1st edition of the World Congress will take place in Lisbon, one of world's best-ranked cities.

The Congress, whose topic will be "The future of tourism and camping is now", will include presentations, discussions and reflections on three major topics: Consumers, Campsites and the Industry of Camping, Caravanning and Motor Caravanning.

For further information and registration, go to <http://www.89thficcrally.com/>

## **90<sup>th</sup> INTERNATIONAL F.I.C.C. RALLY 2020 IN OSTEA/ ROME (ITALY) from 24 July to 2 August 2020**

Dear friends,

It is said that “all roads lead to Rome” and in the summer of 2020 ACTItalia Federation will ensure that all the Tourist Campers arrive in the capital of Italy from all over the world. I offer my most affectionate greeting to the friends, who with campers, caravans, tents or in bungalows will gather in Ostia to spend a holiday together. We will host a new and captivating structure located near the excavations of Ostia Antica. To foster friendship and to establish new relationships between people who share the passion of mobility tourism, the context that is proposed is truly unique. Even the date is quite favourable, because A.C.T.I. celebrates the 80<sup>th</sup> anniversary of the foundation and the date is quite favourable, because A.C.T.I. celebrates the 80<sup>th</sup> anniversary of the foundation and a particularly interesting activity program will be developed for the occasion. We will receive the Amici Campeggiatori with the usual Italian hospitality and encourage them to deepen the culture, hospitality, gastronomy, cultural and environmental heritage of the city of Rome and Central Italy.

We will do everything to make you spend joyful and unforgettable moments.

Welcome in Italy, welcome in Ostia/Roma

Pasquale Zaffina

President A.C.T.Italia National Federation

## **91st INTERNATIONAL F.I.C.C. RALLYE from 29 July to 7 August 2021 at Naas Racecourse near Dublin in IRELAND**

The 2018 Annual General Meeting assigned the organisation of the 91<sup>st</sup> International F.I.C.C. Rally to the Irish Camping and Caravanning Club.

The Irish federation will celebrate its 50<sup>th</sup> anniversary in 2021 and the climax of the festivities will be the International F.I.C.C. Rally.

Planned in the programme are, among other things, trips to Belfast (Titanic Museum), Dublin City, New Grange, The Galway Races and the stunning west coast, as well as excursions to well-known film locations, national sporting displays, regional farmers' markets and famous historical sites.

### **Tips from the F.I.C.C. Secretariat**

#### **Delicious food in Dublin**

Peploe's Wine Bistro – European style menus with an exceptional selection of wines

Matt The Thresher – Superb quality fish restaurant

Coppinger Row – Mediterranean cuisine, Sunday brunch

***Delahunt – Small, cosy restaurant with exquisite set menus – great cocktails***

## **Camping/Caravanning/Motorcaravanning**

### **New registrations of recreational vehicles grew strongly in the first half of the year**

The number of newly registered mobile homes and caravans has grown by around 7% to more than 126,000 units. That's the best result for over ten years. The 200,000 vehicle mark could well be exceeded by the end of the year – for the first time since 2007.

In the first half of the year, 126,442 new recreational vehicles were registered in Europe, corresponding to an increase of 6.9% compared with 2017. Worthy of note: virtually all national markets recorded a rise over the first six months. The development was particularly positive in the Scandinavian countries. And the development in the Southern European markets of Italy (+ 11.8%) and Spain (+ 18.3%) is also gratifying. With 46,518 newly registered recreational vehicles (+ 10.7%), Germany continues to be the most buoyant market. France likewise displayed strong growth (+ 9.4%) and, with 19,944 vehicles, replaced the United Kingdom as the number 2 country in Europe. Registrations in the UK declined by 3.2% to 19,632 vehicles.

The demand for caravans continues to be high in Europe. In the first six months, the number of new registrations was, with 46,014 units, just below the good level reached in the previous year (- 2.2%) The particularly positive markets include Denmark (+ 5.4%) and Finland (+ 4.5%) as well as Germany (+ 4.0%), the sales market recording the most registrations with 15,521 caravans. In the UK (10,997 units), new caravan registrations fell by 9%.

Source: ECF extracts

#### **Denmark: Higher caravan speed in Denmark**

Denmark has increased the maximum permissible speed for motor caravans weighing between 3501 and 7500 kg.

The maximum speed on motorway is now 100 km/h, and 80 km/h on other roads.

Source: Caravan (Caravan Club of Sweden)

**Denmark** has had a new attraction for bicycle tourists since May: the new Baltic Sea Cycle Route, which covers around 820 km, offering some of the most beautiful nature and cultural experiences on Denmark's Baltic coast. It runs in the form of a figure eight from Padborg on the German-Danish border near Flensburg through the archipelago via the eastern Danish islands of Lolland and Falster and further to Mon, from where it continues via southern Zealand to Fyn, where the route crosses in the port town of Svendborg. The route then leads rights across Fyn to the Little Belt before turning back south to Padborg on the east coast of Jutland.

Source: Camping (DCC-D)

#### **Wild camping expensive in Germany**

The fine index drawn up by Campanda for wild camping shows that, among the German federal states, the highest fine for pitching your tent wild is imposed in Schleswig-Holstein at an amount of EUR 10,000, with the lowest fine of EUR 150 levied in North Rhine-Westphalia.

However, wild camping is also prohibited in almost all European countries and can cost up to EUR 3000 in some countries.

Source: Camping, Cars & Caravans (D)

#### **Norway: 50,000 motor homes in Norway**

In the first half of 2018, 2,474 new motor homes were sold, taking the number of registered vehicles to an impressive figure of 50,000. The top brands were Hymer (302) and Dethleffs (194), followed by Capron, Adria, Rapido, Challenger, Pilote and Bürstner.

The number of caravan sales registered for the first half year of 2018 amounted to 1,634.

Source: Bobil og Caravan Magasinet (NBCC-N)

## **MISCELLANEOUS**

#### **Tolls to be scrapped on Spanish highways/motorways**

Tolls will be scrapped for a number of highways in Spain, including the AP-1 between Burgos and Arminon (from December this year). This will be followed in 2019 by the AP-7 between Alicante and Tarragona and the AP-4 between Seville and Cadiz – so a total of 468 kilometres. The reason for this is the expiry of the 50-year concession, which cannot be extended. Other sections may follow, such as the AP-2 between Zaragoza and the Mediterranean and parts of the AP-7, the concession for which will run out in August 2021.

#### **Brussels: Visit to the European Parliament in Brussels**

Up to June 2019, it is possible to visit the European Parliament from Monday to Thursday, including the Chamber where 751 MEP's engage in debate.

The Parliamentarium visitors' centre and the House of European History are likewise open free of charge for individual visitors (also at the weekend).

Source: Kampeerauto – NKC/NL)

### Who invented the cash machine?

The first device of this type was called the Automated Teller Machine. It was invented by John Shepherd-Baron (1925-2010) because he was annoyed about standing in front of the closed door of a bank and not being able to withdraw any money. So the “customer” developed a machine that could dispense cash. The first prototype went into operation in London in 1967.

### Environment

Descal a water kettle naturally: to avoid chemical agents, take an untreated lemon, cut it into quarters and put it in the kettle. Boil the maximum water quantity together with the lemon and leave to soak overnight. The next day, pour out the water and wipe the inside of the kettle with a sponge.

### Switzerland: refuge for bears

The first Swiss Bear Protection Centre, known as Arosa Bärenland, was opened in the summer of 2018. The generous area is designed to provide tortured and tormented bears with appropriate home surroundings (many have been kept in excessively small cage for many years in appalling conditions).

The 14<sup>th</sup> of October 2018 is **World Standards Day** featuring the topic “International Standards and the Fourth Industrial Revolution”. The aim of this special day is to make a wider public aware of standardisation.

### Curiosities

#### Beach art

« Den Uendelige Bro » (The Endless Bridge) is located in Aarhus and was one of the attractions of the European City of Culture 2017.

The accessible work, created by Danish architects Johan Gjode and Niels Bjorn Povlsgaard, has a diameter of 60 and a circumference of 188 metres. It can be viewed on Marselisborg beach south of the town, but only in summer – the work of art is stored away in winter.

### Travelling in Europe

**Finland:** built-up areas: 50 km/h; non-built-up areas: 80 km/h; motorway/expressway: 80/100/120 km/h; dipped headlights during daytime: yes; high-visibility vest: no; warning triangle: yes; first-aid box: no; fire extinguisher: no; motorway tolls: no; blood/alcohol limit: 0.22 g/l of blood

**Estonia:** built-up areas: 50 km/h; non-built-up areas: 90 km/h; motorway: 90 km/h; dipped headlights during daytime: yes; high-visibility vest: yes; warning triangle: yes; first-aid box: no; fire extinguisher: no; motorway tolls: no; blood/alcohol limit: 0.2 g/l of blood

**France:** built-up areas: 50 km/h; non-built-up areas: 80 km/h; motorway: 110/130 km/h; dipped headlights during daytime: no; high-visibility vest: yes; warning triangle: yes; first-aid box: no; fire extinguisher: no; motorway tolls: yes; blood/alcohol limit: 0.5 g/l of blood

**Great Britain:** built-up areas: 48 km/h; non-built-up areas: 96 km/h; motorway: 112 km/h; dipped headlights during daytime: no; high-visibility vest: no; first-aid box: no; warning triangle: no; fire extinguisher: no; motorway tolls: no; blood/alcohol limit: 0.8 g/l of blood

**Greece:** built-up areas: 50 km/h; non-built-up areas: 90 km/h; motorway: 110/130 km/h; dipped headlights during daytime: no; high-visibility vest: no; warning triangle: yes; first-aid box: yes; fire extinguisher: yes; motorway tolls: yes; blood/alcohol limit: 0.5 g/l of blood

der „Fondation APEMH“, BILL LU21 0027 1115 4640 0000, mam  
Vermierk „Don Camille Olinger“.

### F.I.C.C. Honorary President Camille OLINGER.

passed away unexpectedly on 6 September 2018.

He was 91 years old.

Camille Olinger was elected to the F.I.C.C. Council in 1984 and took over the chair of the F.I.C.C. Rally Commission, before becoming Vice-President in 1987. Following the resignation of President Ivar Kahl, the General Assembly elected him F.I.C.C. President in 1990, a position he held until 1996.

He was awarded the F.I.C.C. Golden Medal of Honour for his services to international camping and was nominated as an F.I.C.C. Honorary President by the General Assembly.

Mr. Olinger had been a member of the Campinianer Ring since 1977 and served as its secretary for many years.

In FLCCC (Luxembourg), he was the editor of the FLCCC magazine from 1969 to 1971 and secretary of the association for 23 years, a position from which he retired at a very advanced age. FLCCC nominated him as Honorary Secretary.

Camille Olinger was a jolly, affable man who had a very special sense of humour and loved contact with people. He was also a sought-after amateur actor on the stages of Luxembourg and even had a part in a well-known international movie.

We hereby express our sincere condolences to his three sons Marc, Claude and Bob and their families and his long-time partner Jacqueline Mersch.

We, at the F.I.C.C., will cherish fond memories of Honorary President Camille Olinger.

-----

At the end of the International F.I.C.C. Rally in Paaren/Germany, we received the sad news of the passing of

**David Leslie Hirst**

who was born on 19 January 1943 and passed away on 3 August 2018.

David worked at the British Gas Education Department and then taught at Bradford College before he retired.

David and his wife Pauline joined the Caravan Club (GB) in 1970 and, starting with the F.I.C.C. Rally in Cheltenham (UK), they took part in most F.I.C.C. events, where they were very well-known and much-loved rally participants. They established friendships with people from all over the world, friendships that they nurtured and maintained right up to the 2017 F.I.C.C. Rally in Taiwan.

David first became a delegate of the Caravan Club to the General Assembly of the global federation in 1981, a duty he performed from 1986 to 2013 .

From 2013 to 2018, he was the chief delegate of Hymer Club International. He was no longer able to attend in Paaren due to health problems.

He was also a member of the International Caravanning Association and, together with Pauline, organised and accompanied federation trips to South Africa, Morocco and America, including 4 journeys to Argentina, which were also always attended by F.I.C.C. Camper members.

David leaves behind two children, son Richard and daughter Helen, plus three grandchildren. We herewith express our deepest sympathy to his wife Pauline and the family and wish them great strength in the coming future.

David will be missed by many. Everyone liked him and his friendly, amiable way of dealing with people. We will nurture fond memories of David Leslie Hirst.

### FAIRS AND EXHIBITIONS
